

OUR HOME DESERVES A VOICE

My name is Melissa Fruge and I'm running to be your next State Representative. My family's roots go back five generations in northern Michigan. Boyne City is my home, and I feel lucky to raise my family here.

I believe in the promise of the American Dream. But like so many families in our communities, I've lived paycheck to paycheck and understand the struggle it takes just to stay afloat.

I also believe it's time to start driving our state forward. We will do this by focusing on the education of our children, providing quality, affordable healthcare for everyone, protecting our natural resources, and building safe roads and bridges.

With your vote Tuesday, November 6th we will create a stronger Michigan everyone deserves to call home.

Melissa Fruge | Candidate for State Representative | 105th District

A REAL VOICE + REAL SOLUTIONS FOR NORTHERN MICHIGAN

JOBS + EDUCATION

The key to building a thriving economy lies in the education. **Let's support our K-12 schools with proper funding, making college more affordable, and increase support for our skilled trades training programs.** Together we can create an economically diverse and vibrant northern Michigan—a place future generations will be able to call home.

HEALTHCARE

Hard working families are getting priced out of the healthcare they need to be well and work. **No one should ever have to choose between the medicine they need to live a healthy life and putting dinner on the table.** Everyone deserves to have affordable, quality healthcare.

TAXES

It's no secret our roads and bridges are crumbling. Republicans passed a roads package in 2015 that raised taxes and fees for working families but didn't ask corporations to pay a dime. **It's time to make everyone pay their fair share.**

THE ENVIRONMENT

Our natural resources are not for sale and as the Great Lake State we should be working to protect our environment. We need leaders who will put families and our health before profits.

THIS IS OUR HOME AND WE DESERVE BETTER. I WANT TO HEAR FROM YOU.
